

# CWM valuation India

## Step 1

**Sending Machinery/Equipment/Capital Goods/Plants/Vessels to India?**

## Step 2

- > **If New - proceed with shipment.**
- > **If Used/Old/Second Hand**  
you need a Chartered Engineering Valuation from a India DGFT/Ministry of Commerce Approved agency done prior to dispatch to ensure smooth Customs Clearance on landing within India as per Circular 07/2020 dtd 05.02.2020 by Indian Customs.

## Step 3

**Chartered Engineering Valuation**  
involves Evaluating the Equipment's Current Market Value - by ascertaining particulars such as Age, Make, Condition and comparing it with similar equipment available in the market, to Certify a Fair Assessment Value.
